

To Whom It May Concern:

I am saddened to hear that the government is trying to displace K-Love in my local community via an FM translator with a LPFM station. K-Love has been an important factor in my life for the last 8 years. I am dismayed to hear we could be inundated with another secular music station via the LPFM. We have plenty of secular music on the airwaves already. I appreciate the fact that K-Love is Christian music and commercial free. I have been supporting them for many years both financially and prayerfully. I appreciate that I can hear what community and national events are happening. If we lose K-Love in our local area, we are left with only one Christian music station and they are more talk and teaching than music.

I hope you will take the time to really assess this issue before taking K-Love off the local airwaves. In a world that needs Jesus like never before, I would hope you would seek HIS face before making your decision.

Thank you for your time and consideration.
